A large (60.5cm) strong, substantial, well coloured, feminine black and gold bitch of very good type and proportions. Attractive, strong head with medium eye colour, dark mask and very good strength of upper and lower jaws; very good expression; good length of neck, high withers, firm straight back, croup of good lay but slightly short; very good topline, very good underchest development; very good balanced angulations of the fore and hindquarter, stands correctly in front. Moves with hocks correctly, elbows just slightly loose; good sequence of steps; shows a powerful, ground covering gait whereby the reach and drive are balanced, the back remains firm and the wither height is particularly well maintained.

Alert and self assured; she stands firm to the gun.

B PARTICULAR VIRTUES & FAULTS (in addition to findings in A)

A robust, strong bitch of very good character and of high quality brood type; she tends to carry her tail a little high at times; she was presented in slightly heavy condition however showed during loose lead gaiting that she maintains her shape and witherline very well.

C. ADVICE FOR THE SELECTION OF A BREEDING PARTNER (Recommendations & Warnings)

An outcross, she is very typical of her lineage. Recommend to ensure partners are of medium size and have, and come from, lines of very good hip status.
