Breeders: A. J. Gibson & K. M. Morton**Owners:** A. J. Gibson & K. M. Morton**Residence:** Christchurch**Address:** 448 Marshs Road Halswell CH 8025.**Line Breeding:** Nil**A. FINDINGS ON THE DAY OF THE SURVEY (general description of the appearance and constitution, size)**

Sable (61cm) very large, strong, very good overall type, she is feminine and expressive, good head, medium eye colour, firm and dry, good withers, firm back, just slightly short and slightly steep croup, good forequarter angulation where the upper arm should be a little longer, very good hind quarter angulation, broad thighs, good forechest development, underchest just slightly short, stands correct, steps narrow going where the hocks should be firmer, correct coming, shows a very good ground covering movement with very good drive, reach should be more effective.

Calm and self assured, stands firm to the gun.

B PARTICULAR VIRTUES & FAULTS (in addition to findings in A)

She is well coloured and well pigmented, with very good overall strength and bone, a good attitude, but has a tendency while moving to fall on the forehand. She has a good hip and elbow status herself.

C. ADVICE FOR THE SELECTION OF A BREEDING PARTNER (Recommendations & Warnings)

She is very typical of her family type via her dams line. Partners should be of correct height where possible, with correct angulations and croupline. She has much to offer and I would recommend in the first instance Ch Boldova of Taimana (NZ) and secondly Labo v Schollweiher(Ger) with further consideration to Juwinka Destroyer (Ger).
