A. FINDINGS ON THE DAY OF THE SURVEY (general description of the appearance and constitution, size)

Black & Gold, ideal medium size (58cm), above medium strong, feminine and expressive, she presents a very pleasing silhouette in stance, dark eye, well set neck of good length, high withers, firm back, normal length and lay of corup, very good angles both front and rear, stands correct in front, steps correct coming and going, still overall good proportions, she demonstrates a wide outreaching gait with powerful hind thrust, effectively transmitted through the back with very good forward reach and very well maintained centre of balance. Calm and stands sufficiently firm to the gun.

B PARTICULAR VIRTUES & FAULTS (in addition to findings in A)

She has an impressive general appearance with very good overall construction and very good presentation, with clean top and underline, is firm and dry, well coloured and pigmented but she has already reached her maximum chest depth. Has a sound hip and elbow status and is DM clear.

C. ADVICE FOR THE SELECTION OF A BREEDING PARTNER (Recommendations & Warnings)

She possesses a strong well developed family heritage on both sides especially so via Djambo vom Fichtenschlag and Conbahairean Quella on the sire side and via Xaro von der Plassenburg and Kwint vom Juerikstall on the dams side. She should be in a favourable position to transmit her positive qualities but partners must have strong well developed nerves from well established lines. Oakway Hardcore should prove very useful. **HIGHLY RECOMMENDED FOR BREEDING.**
