Very large, (66cm), black and gold, masculine, strong, very good overall expression, a dog of very good structural build who is typey, with a well set neck of good length, high withers, firm straight back, normal length and lay of croup, very good fore and hindquarter angulation with broad well-muscled thighs, he is well developed, substantial, very good overall proportions, very good top and underline, stands correct, steps narrow going, correct coming, elbows yet to fully close, whilst gaiting he exhibits a very spacious movement, very far reaching and ground covering, powerful drive, shows a natural energy to perform and is very well balanced and coordinated, calm and self-assured and stands firm to the gun.

B PARTICULAR VIRTUES & FAULTS (in addition to findings in A)

He is firm and dry, well coloured and pigmented and he impresses with his overall movement and his step sequence at a walk is sound, fluent and balanced. He stands at the absolute maximum height.

C. ADVICE FOR THE SELECTION OF A BREEDING PARTNER (Recommendations & Warnings)

He is a type specifically stamped by his immediate lineage and his virtue lies in his very harmonious general appearance and the positive impression was completed by his achieved maturity and untiring enthusiasm. He should be particularly useful to help improve overall strength, angulations and type and partners should be medium to above medium height. Very highly recommended for breeding.
