A. FINDINGS ON THE DAY OF THE SURVEY (general description of the appearance and constitution, size)

Above medium size, strong impressive male of excellent type, correct overall proportions, well coloured male, has a very good head and expression, correct skull planes and skull proportions, good eye colour, ears in movement and standing are correct, very good length and lay of neck with a very good connection to long high withers, the back is straight and strong with very good couplings, croup of very good lay but slightly short, correct tail connections and correct length. Stands straight front and rear, correct feet and closed, correct pasterns front and rear, very good forequarter angulations and very good rear angulations. He displays a very good powerful far reaching gait from the hindquarters, correct coming and going. Friendly self-assured male. Stands firm under the gun.

B PARTICULAR VIRTUES & FAULTS (in addition to findings in A)

A male that stands with a lot of presence. He has a praiseworthy pedigree on both sides. Excellent strength and overall type, strong bones, well coloured male who is ferner typical of his blood lines. He has very good hip and elbow scores.

C. ADVICE FOR THE SELECTION OF A BREEDING PARTNER (Recommendations & Warnings)

He should improve type, overall strength and construction, as well as improving top lines and rear angulations. He should be an improver of overall character and temperament. He has an open pedigree. Suitable for bitches that are DM clear.
