Line Breeding: Vegas dom Domngmiran (Imp NDJ to Aus) 3-4

Breeder: J Griffin
Residence: Warkworth 0910

Owners: L Cunningham
Address: 172 Potts Road, RD1, Whitford, Auckland

A. FINDINGS ON THE DAY OF THE SURVEY (general description of the appearance and constitution, size)

A rich black and gold, well pigmented, expressive feminine young female (21 months) of excellent type, above medium size (58.5cm) who presents a pleasing picture in stance. Medium strong with an appealing and desired dark mask with desired dark eyes, where the head and under jaw could be slightly stronger. Correct ear set and carriage, good length of neck, normal withers, straight back, clean topline where the croup is just slightly short and steep. Good fore and very good hind angulation, clean underline and very good under chest development for her age. Stands correct in front where the elbow connection is firm, correct coming and going with strong hock connection. She displays a powerful drive with a very good reach and her willingness to run and perform is pleasing. She is lively and calm and stands firm to the gun and in all the temperament and character tests – mingle, line and towel exercises she passed.

B PARTICULAR VIRTUES & FAULTS (in addition to findings in A)

She displays a pleasing picture, eye catching with her rich dark pigmentation, dark mask and fully extended dark black saddle. She is a generally well put together young female. Her attributes for breeding also lay in her combination of her successful pedigree on both her Sire and Dam lines and she shows much promise in her predictability to produce and is DM clear.

C. ADVICE FOR THE SELECTION OF A BREEDING PARTNER (Recommendations & Warnings)

Genetically she originates from accomplished producing lines. Partners to be considered should have both very good elbow status and also their immediate lineage. Partners should also compliment her already accomplished attributes and ideally have correct forequarter angulation and strong well-developed heads. Recommended for Sires: Fremont Watson (Imp Aust), Karaback Perfect Storm (Imp Aust), NZ CH Falken Dei Precision (Imp Can), Oakway Eye of the Storm

D. GENERAL INFORMATION QUALIFYING CRITERIA

1 (a) Height at Withers	58.5cm	(b) Depth of Chest	28cm
(c) Chest Circumference	75cm	(d) Weight	27.1kg
2 COAT			
(A) Type	Normal, LSC with undercoat	(B) Condition	Healthy
3 COLOUR & PIGMENT			
(a) Colour & Markings	(b) Pigmentation		
Black & Gold	Strong
