**A. FINDINGS ON THE DAY OF THE SURVEY ( general description of the appearance and constitution, size)**

Large, 60cm, medium strength, well pigmented bitch of very good type and proportion, strong head with large well set ears, slightly short neck, normal wither, firm back and well moulded but short steep croup, good fore, very good hindquarter angulations, correct forechest proportions, very good length of limbs, she moves slightly cclose going and coming, she displays correct sequence of steps during gaiting with good ground cover whereby the back remains firm. Stands firm to the gun.

**B PARTICULAR VIRTUES & FAULTS (in addition to findings in A)**

A feminine elegant style of bitch with clean lines. She is yet to develop further. The length and angle of her croup and upper arm restrict her ability to drive and reach more expansively. Her coat could be fuller and more deeply coloured. She is DM clear.

**C. ADVICE FOR THE SELECTION OF A BREEDING PARTNER ( Recommendations & Warnings)**

Line bred 2:3 on the Zamp vom Thermodos daughter Veneze Ellie, suitable partners would be well coloured, darkly coloured males ideally with correct croup construction. An outcross to a LSC partner would be a recommended option. Consider the lines of Oakway Black Magic (or his son Oakway Hardcore), the lines of Olymp vom Larchenhain (Aus) or the Labo son Tiergarten Obi One. Off shore Babenberg Valentino is a further potential sire.
