A. FINDINGS ON THE DAY OF THE SURVEY (general description of the appearance and constitution, size)

Black with light gold markings, (59.5cm), (27.5cm), large, strong, well developed, she attracts because of her very typical appearance, feminine and expressive, strong feminine head, large well set ears, eyes ideally could be a shade darker, good length and angle of neck, high withers in stance, straight firm back, well moulded croup just slightly short, very good fore and hindquarter angulations, broad thighs, stands correct, correct coming, hocks should be firmer, her step sequence at a walk is sound, her gait is thrusting, fluent, blanaced with very effective hind thrust and reach. She is calm and self-assured and stands firm to the gun.

B PARTICULAR VIRTUES & FAULTS (in addition to findings in A)

She displays an overall impressive constructional appearance with balanced body proportions, clean front with overall congruent lines, strong bones however her saddle should be stronger, she has a very good hip and elbow status, DM clear and she portrays a typical picture of a brood bitch with a calm disposition and manner, with a very good fore and underchest development but presented in a slightly heavy condition.

C. ADVICE FOR THE SELECTION OF A BREEDING PARTNER (Recommendations & Warnings)

She represents phenotypically very well the virtues of her direct lines and she should be in a favourable position to transmit her very positive qualities. Partners should be well coloured and pigmented, lively, with very good firmness. Would recommend Lenin von der Grafenburg (Imp Ger) and Kaster von Contra (Imp Ger)
