## A. FINDINGS ON THE DAY OF THE SURVEY (GENERAL DESCRIPTION OF THE APPEARANCE AND CONSTITUTION, SIZE)

Black & Gold (59cm) large, above medium strong, very typey bitch who is very feminine, very expressive, medium eye, she is well coloured, firm & dry, well set neck, high withers, firm straight back, croup of a good mould but slightly short, very good fore and hindquarter angulation, good fore and underchest development, stands correct, steps correct, correct coming, she develops a very roomy and fluent powerful gait with powerful hindthrust, very good reach, maintaining a well held wither at all speeds. Although calm and self-assured she was only sufficiently firm to the gun.

## B. PARTICULAR VIRTUES & FAULTS (IN ADDITION TO FINDINGS IN A)

She has a very pleasing solid general construction with good overall presence. She is well pigmented with very good overall femininity, very good top and underline and very well knit. She has a very high-quality litter brother in Westfield Armadeus. Ava has already reached her maximum chest depth. Very good hip and elbow status.

## C. ADVICE FOR THE SELECTION OF A BREEDING PARTNER (RECOMMENDATIONS & WARNINGS)

She carries a very strong producing element in her pedigree on both sides especially so vis Aimsway Lass Vegas and Oakway Irresistable. She has already produced very good progeny and this aspect further aids her predictability in future litters. She is a bitch of very high quality but on the day was only sufficiently firm during the gun test. Consideration should be given to a male with strong well-developed nerves with a well-defined robust character. Would recommend Djumbo vom Fichtenschlag (Imp Ger)
