APPLICATION FOR THE GSDCA 'A' AND 'Z' STAMP FORM

The Australian form must be obtained BEFORE having your GSD x rayed. The GSD must be at least 12 months old when x rayed.

Important Note: The tattoo or microchip must be recorded on the GSDAC Tattoo/Microchip Register BEFORE the form will be issued. (This includes imports). For animals without a tattoo/microchip, special arrangements must be made prior with the Tattoo registrar so that the ear can be tattooed after the anaesthetic has been administered but before the x ray is taken or a microchip implanted.
