Line Breeding						

A. FINDINGS ON THE DAY OF THE SURVEY (GENERAL DESCRIPTION OF THE APPEARANCE AND CONSTITUTION, SIZE)

Black and Gold (58cm) above medium strong, typey bitch who presents a pleasing picture, well-formed feminine, expressive head, very good earset, dark eyes with a well set neck, high withers, firm back, good lay of croup just slightly short, very good length of foreleg, upper arm could be a little better angled, very good hindquarter angulation with broad thighs, she stands correct, steps slightly narrow going, correct coming, she exhibits a far reaching ground covering movement, which is very scopey with very good transmission via a firm back and a very good reach. Calm & self-assured, stands firm to the gun.

B. PARTICULAR VIRTUES & FAULTS (IN ADDITION TO FINDINGS IN A)

She has very good overall femininity, is well-proportioned with a very clean overline, with normal fore & underchest development coupled with an enduring enthusiasm to move. She has a very good hip & elbow status.

C. ADVICE FOR THE SELECTION OF A BREEDING PARTNER (RECOMMENDATIONS & WARNINGS)

She is very phenotypical of her lineage & selection of a partner should be based on maintaining this process. The introduction or modern Germanic lines is essential. Recommend the lines of Oman v Radhaus via the G litter Huhnegrab via his son Gary Huhnegrab. Veneze Toto (Imp) would be beneficial.
